Of Louisiana Genealogists

And Others Engaged in Louisiana Research

DIRECTORY

Of Louisiana Genealogists

And Others Engaged in Louisiana Research

1960 Edition

1781095

One Dollar

This directory, the first of its kind, supplements the service performed by the Genealogical Register, through its query columns, and the similar service performed a few years earlier by another publication, the Louisiana Genealogical Register.

The purpose of the directory is two-fold. First, of course, it is intended as an aid to those engaged in Louisiana research--a medium through which they may not only list themselves and the families in which they are interested but in which they may also take note of the work of other genealogists. Secondly, it was planned by the Library Committee of the Louisiana Genealogical and Historical Society as a project which, though worthwhile in itself, would also provide the means whereby the Society might realize a profit to be used in adding to its collection housed in the Louisiana State Library at Baton Rouge.
